E-mail:[darush283@yahoo.com](mailto:darush283@yahoo.com)

**QUALIFICATION:** Bsc. Degree in mechanical engineering from Shahid chamran university of Ahvaz -1998

## Work experience

1998-1999 Almahdei Aluminum Company located in Bandar ABBAS as a maintenance engineer.

1999-2000 Arjan Nevin vegetable oil refinery project located in Behbahan , in Khuzestan province , start up and maintenance of rotary equipments.

2000-2001 Maroon water power plant, mechanical supervisor during erection.

2001-2008 fanavaran petrochemical company

2001-2006 as maintenance supervision during commissioning startup and normal operation of Methanol Acid Acetic & co plant.

2006 UP TO NOW

Senior machinery engineer at the engineering department , pump, steam turbine & compressor selection for the purchase of a new item.

Pump turbine & compressor performance calculation and failure analysis.

## Capability and activities

Overhaul of centrifugal compressors, pump and steam turbines.

Having a technical meeting with nuovo pignone designer and Snamprogetti engineering in Italy Milano about the turbo compressors performance analysis.

Having a technical meeting with Siemens designer in Nuremberg ,Germany, about a modification of sealing system of syn gas compressor steam turbine of methanol plant convincing them of having a modification on the mentioned system.

## Training courses

1. Selecting, operation and maintenance of centrifugal pump By ENSPM IFP training company French.
2. Centrifugal compressor selecting and sizing BY: IFP Training Company French.
3. Centrifugal compressor operation and maintenance BY: RENCO NOUVO PIGNONE in Italy.
4. Steam turbine operation and maintenance BY: RENCO NOUVO PIGNONE in Italy.
5. Sealing system BY: BURGMANN Company in Germany.
6. Advance plant diagnostics BY: EUROMATEACH company U.K
