

1) Keynote Presentation: Deadline: Oct. 2, 2008

“OPRA’s 2 MW industrial all-radial gas turbines”

Robert Nijhuis, Vice President, Sales & Marketing – OPRA Turbines

Robert Nijhuis, as Vice President, Sales & Marketing, is responsible for OPRA’s global sales and marketing activities. Mr. Nijhuis has held various sales and management positions within Solar Turbines and Siemens and has spent most of his career in the gas turbine industry. Robert Nijhuis was as Siemens' Regional Director, Europe & Africa responsible for all rotating machinery sales to the oil & gas industry. Robert Nijhuis has a degree in chemical engineering.

2) Case Study Presentation: Deadline: Oct. 2, 2008

“Total Cost of Ownership (TCoO) of Gas Turbines vs. Gas Engines”

John Magee, Sales Director – OPRA Turbines

Mr. Magee studied Mechanical Engineering and started his career at BP in the UK. He is an Oil & Gas professional with over 40 years experience in marketing and sales for pumps, compressors and gas turbines. In his previous function he was the Marketing & Sales Director for the Global Oil & Gas Division of a major multi-national company. John Magee joined OPRA in 2008, and – due to his extensive experience – became responsible for OPRA’s sales activities.
